

YOUR DREAM SECOND HOME!

AT NAVASHI, DAPOLI

Information

The bungalows are ground-plus-one residences that harmoniously blend modern architecture with the rustic character of local materials. Built using laterite stone, these structures reflect a strong connection to its regional context while maintaining a clean, contemporary aesthetic. With a total built-up area of approximately 134 Sq. M. (Approx. 1,400 square feet) for a 2BHK bungalow and approximately 144 Sq. M. (Approx. 1,550 square feet) for a 3BHK bungalow, these homes are efficiently planned to offer both comfort and functionality Covered car parking spaces are seamlessly integrated into the design, adding convenience without disrupting the overall visual appeal.
